	General Info	ormation		
Product Description				
Low Viscosity, UV stabilized, Mold rele	ase improved			
General				
Material Status	Commercial: Active			
Availability	<ul> <li>Africa &amp; Middle East</li> </ul>	<ul> <li>Europe</li> </ul>	• N	North America
Availability	Asia Pacific	<ul> <li>Latin America</li> </ul>	Total / Wholisa	
Regarding available country, please inc	quire via our website.			
Additive	UV Stabilizer			
Features	<ul> <li>Good Mold Release</li> </ul>	<ul> <li>High Flow</li> </ul>	<ul> <li>Low Viscosity</li> </ul>	
i Gaidles	Good Weather Resistance	Light Stabilized	UV Stabilized	
Uses	General Purpose			
Automotive Specifications	• GM GMP.PC.008

<sup>•</sup> The values described are typical values only.
• The usage examples indicated here do not guarantee results applicable to relevant uses of the products.
• It is the users' responsibility to investigate industrial property rights and the terms of use related to the uses and applications indicated here.
• For the handling (transport, storage, forming, disposal, etc.) of the products, it is advisable to refer to technical documents and the Safety Data Sheet (SDS) of the proper materials and grades. Please contact us for consultations when the products are used for the purpose of food containers and packaging, medical parts, safety equipment, and toys for children.
• In Japan, the colored products of each grade may contain chemicals subject to reporting requirements under the applicable law provided in Appendix 9 of Article 18-2 of the Enforcement Order, under Article 57-2 of the Industrial Safety and Health Act. For details, please contact us.

For the export of our products and products incorporated with our products, please comply with the relevant laws and regulations, such as the Foreign Exchange and Foreign Trade Law.

• Please note that because of the chemical substance management systems in each country, the chemicals used in our products are subject to control, and separate applications might be required or are banned from imports and exports. It is advisable to inquire about the status of regulations in the relevant countries if you are exporting or importing our products.
